Mini Golf | Football Billiards | QUEST Mission Rooms | and much more...

GOLF EUROPE

Welcome to City Golf Europe!
We have everything you need to entertain your guests and offer you a profitable investment for your business.

In this catalogue you will find many City Golf products that add that little extra to your facility.

Besides our long experience in the products Adventure Golf and Mini Golf we now also offer the fun and fully automatic product, Quest Mission Rooms!

We are of course also showing our popular Blacklight Golf, Next Gen Minigolf for the best putting experience and our interactive Crazee Golf as well. There is indeed something for everyone!

With our new Putt EVO concept, we have re-imagined mini golf for the adult crowd. Developed for blending playability and an immersive design that redefines what grown-up fun looks like: Connect and Compete.

Have fun reading!

PUTT EVO

We are now bringing the high quality, huge experience and confidence from decades of minigolf design and production, onto our new digitalized product.

MINI GOLF

For over 85 years, we have been manufacturing miniature golf courses that entertain thousands of people worldwide every day. Pre-fabricated in our factory in the north of Sweden.

CRAZEE GOLF

Let's be crazy. Introducing an even crazier mini golf product. Interactive and fun for all!

FOOTBALL BILLIARDS

Whether you're a football pro or a billiards novice, this is a perfect game that is much more about strategy than muscle memory.

SERVICE

A well-maintained Adventure Golf facility is attractive and generates long-term profits. Book our service to give your facility a facelift for the coming season.

RETURN OF INVESTMENT

Embrace the possibilities of our products and a profitable investment!

Our most popular product

Adventure Golf is available in several different versions and can be themed entirely according to the customer's wishes. It can be produced indoors and outdoors.

The courses are designed at our head office in Örnköldsvik and then produced on site by our teams all over Europe, sometimes even on other continents.

Adventure Golf

Quality, profitability and fun. These are some of the many reasons for choosing an Adventure Golf from City Golf Europe.

Adventure Golf gives you a fabulous opportunity to attract new visitors, generate profits and boost your business, besides many other added values.

WHAT IS ADVENTURE GOLF?

Adventure Golf courses are similar to regular, large golf courses, except all the holes are within putting distance. The courses can have various decorations and may be themed. We build indoor and outdoor courses which may include buildings, water systems, bunkers, obstacles and decorations.

An exciting project starting with your idea and ending with the finished product, where only your imagination sets the limits.

We have designed and produced over 450 Adventure Golf courses throughout Europe. With that we have many years' experience of designing and manufacturing unique courses, so can offer you the optimum solution.

Whether the course is for recreational or competitive play, or both, the choices are endless!

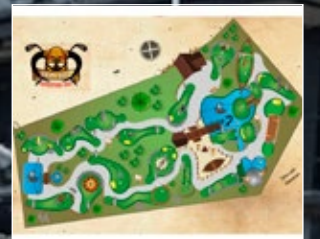

Viking Quest Adventure Golf at Moreton Hills (UK)

18 holes of viking theme

The magnificent 18-hole Viking Quest Adventure Golf course opened in the spring of 2019 after 4 months of construction.

Every hole has its own Viking-inspired feature or obstacle, for example, hole 1 is played through the gaping jaws of Fenrir the monstrous wolf, hole 12 is played past a huge battle axe near a waterfall gushing out of a gigantic Viking helmet, and hole 16 takes you into a Viking longship. Where ponds separate two holes, the water crossing is made on a self-propelled ride-on/ride-off Viking raft.

Holes	18
Theme	Viking
Year of construction	2019
Water.....	Yes
Other	Wooden Bridges, Waterfall, Bistro

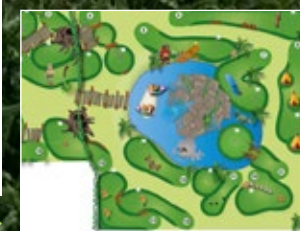

Peter Pans Indoor (Germany)

Adventure Golf with a custom fantasy and pirate theme

Our returning customer Bungis has since before an Adventure Golf course outdoors, but since the beginning of 2022 also now has a stunning 18 holes indoors with a fantasy theme containing pirates, adventure and a Peter Pan theme. Bringing you closer to Neverland!

The facility includes challenging obstacles through out the courses, water features and an eye catching interior and wall paintings.

Holes	18
Theme	Fantasy/Peter Pan
Year of construction	2022
Water.....	Yes
Other	Wall paintings, custom interior

Next Gen Minigolf

Next Generation of Adventure Golf has arrived! Our new product Next Gen Minigolf will give an ever greater player experience and possibilities of a quick return on investment.

The Next Gen Minigolf have been created by our design team to fit families, friends and experienced golfers. The courses incorporate undulations, fairways, bunkers and tricky hole locations that will challenge the players regardless of experience or skill level.

With adaptable course difficulty and child-friendly features, it's the perfect place to introduce the next generation to the joys of the game while creating cherished memories.

The holes are embedded in a landscape of artificial grass that creates a beautiful scenery and amazing atmosphere for the players while at the same time keeping maintenance cost at a minimum.

UNIQUE PLAYER EXPERIENCE

Next Gen Minigolf is a design concept that will fit well together with a customer that offers food, drinks and/or ice cream, creating additional streams of revenue.

The unique and fun playing experience will keep your customers coming back again and again. This will together with the wide target group and low maintenance cost increase your return of investment substantially.

*A City Golf Europe course produced for Erlebnisberg Kappe, Germany

*A City Golf Europe course produced for Bellanpuisto, Kuopio, Finland. Suitable for both recreational and competition play.

Adventure Golf Kompakt

Adventure Golf Kompakt is the perfect solution if you have a limited budget and want an unusual golf facility that attracts players of all ages with different levels of experience.

Adventure Golf Kompakt generates new revenue while making your existing business more profitable. It can take as little as five weeks to go from initial idea to finished facility.

Adventure Golf Kompakt takes minigolf to a higher level. The ball is played on artificial grass that gives a similar speed to the ball as on a freshly cut green.

Everybody can play and have fun together! It suits everyone from families, adolescents, corporate events, parties and to golf professionals.

ALL-INCLUSIVE

The philosophy behind Adventure Golf Kompakt is that our price is all-inclusive. It is easy to buy and makes a profitable investment.

Clubs, balls and score cards are also included. After only four weeks of construction, your facility will be ready to welcome players.

What is the difference between Adventure Golf & Adventure Golf Kompakt?

Both these solutions are based on the same type of lanes – artificial turf with a long golf feel – but they differ in size and shape. Adventure Golf Kompakt is ideal for smaller areas.

Adventure Golf Kompakt, like our mini golf products, comes in the form of standardized courses, while our Adventure Golf products are usually customized for each facility. Because the lanes are smaller and standardized, we can keep the price down. These two solutions can also be combined.

9 HOLES

Including 80 m² of paved walkways.
Minimum surface area: 250 m²

12 HOLES

Including 110 m² of paved walkways.
Minimum surface area: 300 m²

18 HOLES

Including 160 m² of paved walkways.
Minimum surface area: 450 m²

Blacklight Golf

Blacklight Golf is one of the fastest growing activities in Europe. With its vibrant neon colors, it is an experience that WOWs your customers.

Blacklight mini golf is one of the fastest growing trends in recreational activities in inner cities and a popular added attraction at existing sports and leisure centers.

Our glow-in-the-dark indoor courses are playable 24/7, all year round, maximizing your earning potential and profitability!

Like regular Adventure Golf, Blacklight Golf can be built with or without themes and adapted to the existing surface.

The facilities can be built anywhere: above or below ground, in shopping areas or malls, in vacant premises in city centers, in divested commercial buildings or in empty basements.

Custom-designed themes or story-lines as standard. Courses comprise spectacular, multi-coloured graffiti murals, crazy obstacles, clubs and balls-- all glowing in the darkness under UV lighting!

ENLIGHTEN YOUR GUEST'S MINIGOLF EXPERIENCE

Putt EVO expands the genre of indoor minigolf attractions and takes the crowd favourite to a new level! The special and innovative feature of Putt EVO is not only the modern design of the minigolf courses, but above all the various built-in lighting effects and features.

PUTT
EVO 

- **Indoor experience, weather-independent**
- **Adjustable light effects**
- **High quality and durable materials**
- **High replayability**
- **Large selection of available courses**

MAKE YOUR PUTT EVO SYSTEM UNIQUE!

The catalogue of holes and courses available offers a wider range of different types of sizes, challenges and colours with the possibility to alter theming towards your own branding. This makes each course unique and ensures that players create unforgettable experiences!

12-36 MONTHS
TO RETURN ON INVESTMENT

Achieve annual net revenue of
around 400,000 EUROS
at 40% capacity utilization.

NEW! DIGITAL SCORING OPTIONS:

PuttEVO is going even more digital. It makes it even easier for players to keep track of their scores. With automatic stroke counting and multiple other features, your mini-golf course will become even more digital, better, and more fun.

AUTOMATIC SCORING

Starting now, PuttEVO players can keep track of their scores even more easily. With automatic stroke counting, the competition is even easier and more fun.

GROUP GAMEPLAY

Up to 6 players can play on the same hole simultaneously, combining traditional mini golf with exciting interactive features.

DIGITAL HOLE MARKERS

Digital touchscreen hole markers allow players to view and adjust their scores while adding an illuminated design and convenient cup holders.

LIVE LEADERBOARDS

42" leaderboards at every hole display scores and interactive animations, adding competition and shared moments of fun.

INTERACTIVE LIGHTS, SOUNDS & ANIMATIONS

Reactive lighting, sounds, and animations synchronize with gameplay and the course theme to create an immersive experience.

BONUS CUP OPTION

An additional cup can be added to any hole, offering bonus points and encouraging replayability.

CUSTOMIZATIONS OPTIONS

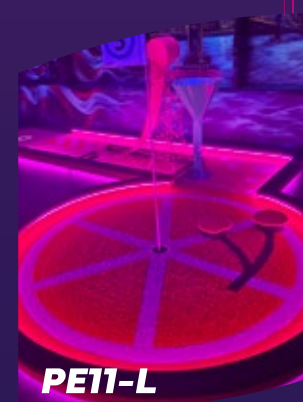

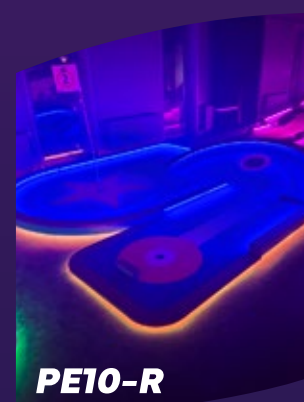

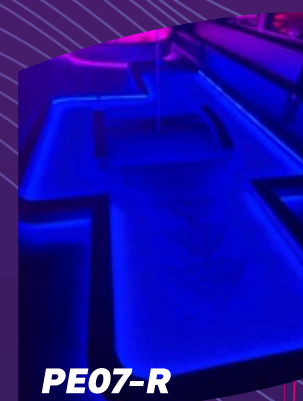

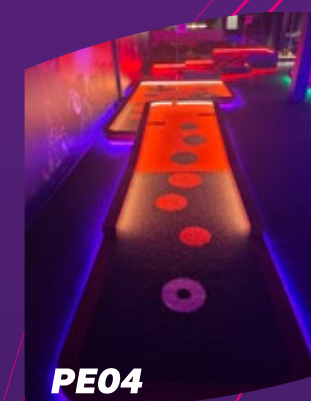

A wide range of options allows venues to customize hole markers, leaderboards, audio effects, and other elements.

PROP SENSORS

Sensors in interactive props detect passing balls and can trigger effects or award bonus points for creative trick shots.

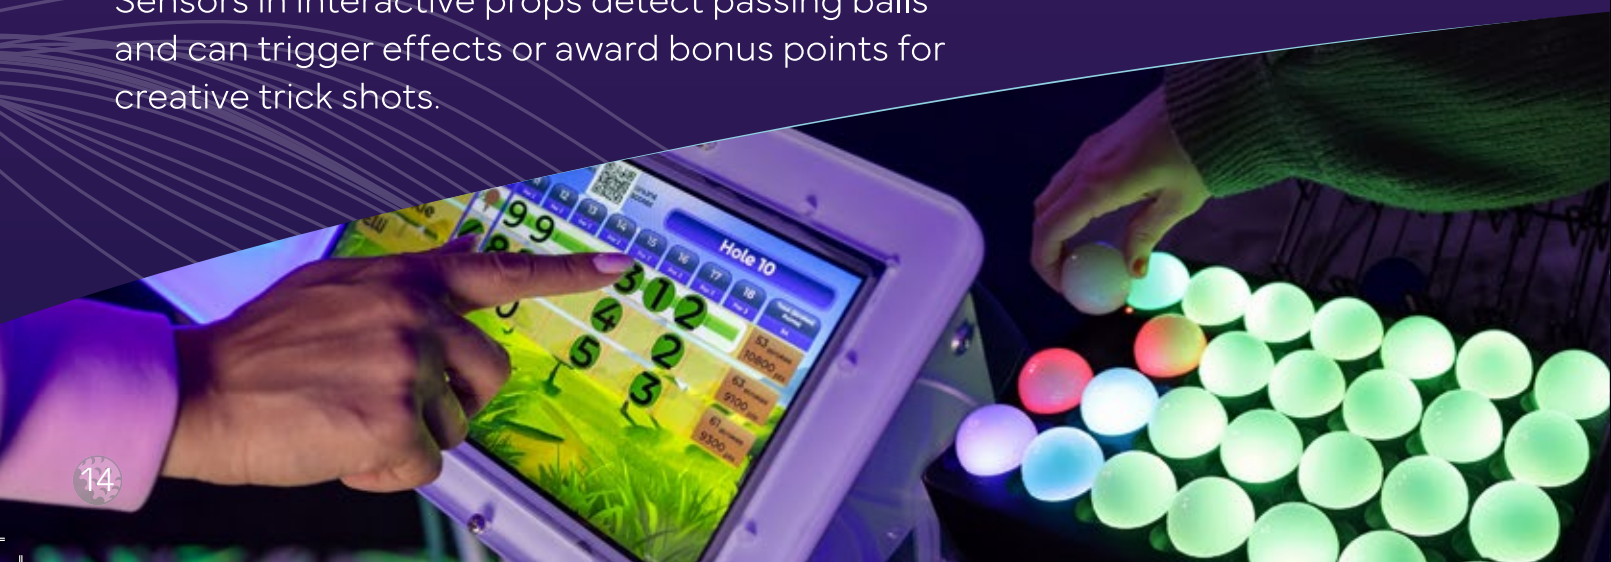

POSSIBLE COURSES

We offer a wide selection of different course layouts. These designs have proven themselves in numerous installations and feature varying levels of difficulty.

CUSTOMIZATION

Do you have your own specific vision for a course layout, or does your property require a custom solution? No problem. We'll develop a custom layout for your PuttEVO system for each attraction, if needed.

Mini Golf

We have manufactured for over 85 years and delivered thousands of miniature golf courses that entertain people, worldwide, every day.

Our mini golf courses come complete with accessories & obstacles.

CITY FUN PARK

This is the perfect facility if you're opening a brand new business. City Fun Park a slightly different design compared to our traditional courses.

To make the courses even more appealing, some of our Crazy Obstacles are included as standard features. These obstacles make the courses more attractive and challenging for players of all ages.

City Fun Park comes in prefabricated sections that are easy to assemble into a ready-to-use system. Two people can easily assemble the sections.

CITY BUDGET

City Budget is ideal if you're planning to upgrade an older facility or start up a new business. It is our cheapest mini golf system, but has the same solid design as our other systems.

Like all our other courses, these courses are delivered in prefabricated sections that are easy to assemble into a ready-to-use system. As an added advantage, the system can easily be moved indoors during the winter if you choose, to keep your business rolling all year round!

CITY COMBI

This system consists of two holes with adjustable obstacles. One hole has a slope and the other is flat. It is the perfect size for small spaces, for instance next to cafés or restaurants, at companies, exhibitions, schools – or even at home in your garden. City Combi offers a wide choice of playing options at low cost.

Craze Golf

Let's be crazy. Introducing an even crazier mini golf product. Interactive and fun for all!

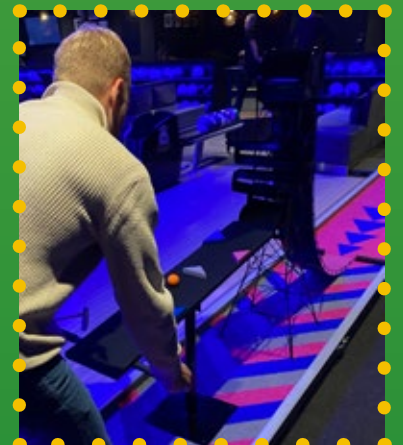

What's Craze Golf?

- Prefabricated, sectional courses in durable tanalised timber for easy set-up!
- Perfect for Sports Bars, Restaurants, Campings, Family Entertainment Centres and more
- Hard Wearing Artificial Grass surface available in many colours to suit your theme or company image
- Interactive course obstacles for maximum fun and competitive play

**PUTT TROUGH
FUN THEMING!**

**INTERACTIVE
OBSTACLES!**

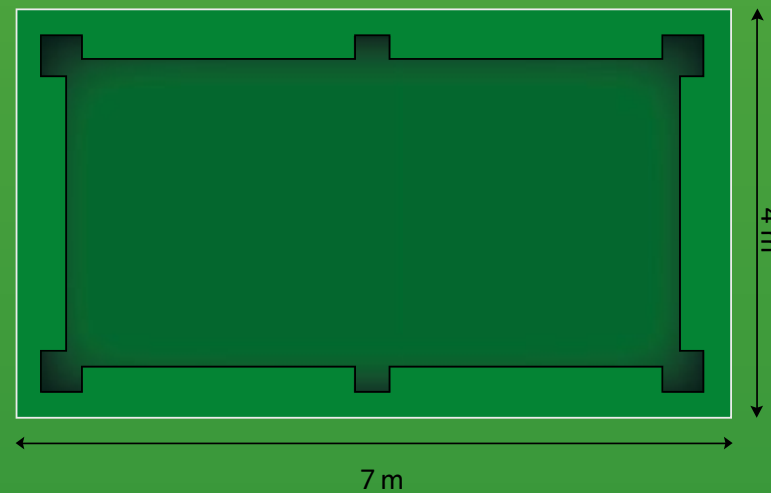

Football Billiards

Combine football and billiards and you get a very unique sport: Football Billiards. Perfect for friends, family or events.

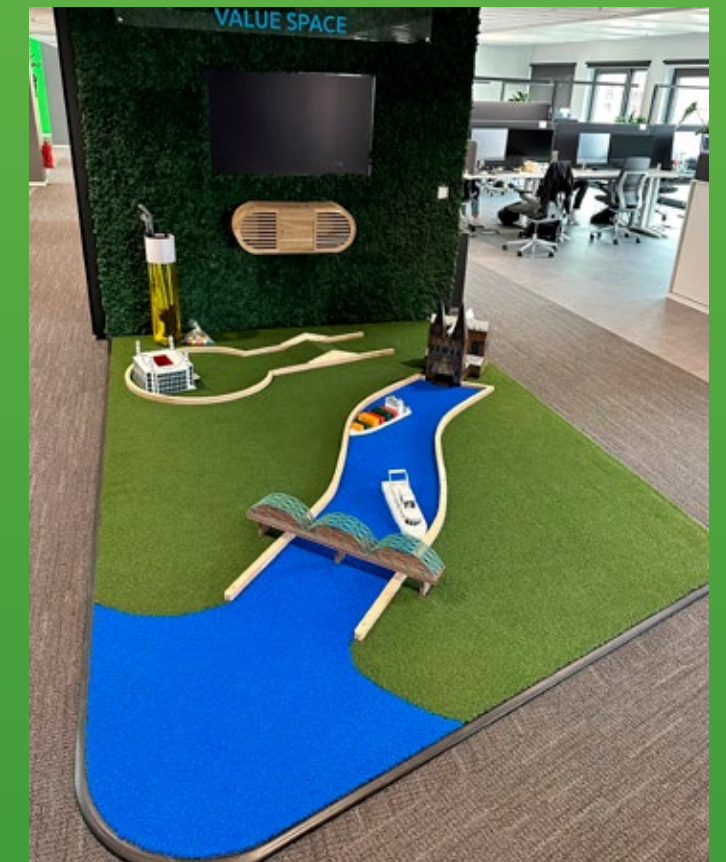

Football Billiards is played on an oversized billiard table (4 m x 7 m) with customised footballs that closely resemble real billiards(pool) balls. There are seven balls with colored stripes, seven solid color balls, a black No. 8 and a white cue ball. No one needs to be a talented football player to play this game. It's all about tactics, accuracy and having a lot of fun!

The aim of the game is to hole all fifteen numbered balls in the six pockets on the side rails around the table. The first player to sink all his/her seven balls, followed by the black ball, is the winner!

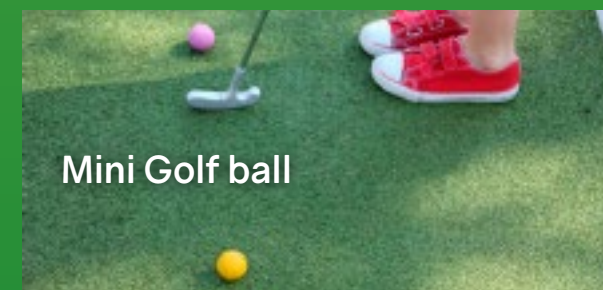

Putting Green

Enjoy the possibilities of a fun and challenging putting area. Can be installed in locations such as offices, shopping malls, FEC:s, universities and more. Customized and adapted to the available area and location.

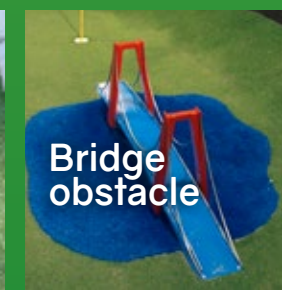

Accessories & Webshop

City Golf has all the accessories you need to run your facility successfully. We have everything in stock and offer fast delivery even during peak season! But be sure to order on time so you have everything before opening for the season. We offer a comprehensive and customized repair and service range for your lanes – everything you could possibly need when you need it.

www.webshop.citygolf.com

Place your order at any time of day! Our online shop sells accessories including signs, flags, repair materials and much more.

Renovation

Let us renovate your mini golf facility.
Make sure that you have your facility ready
before next season starts.

Refresh your existing facility with new and fresh artificial turf! We will come and put new and fresh artificial grass on your existing felt.

In this way, you who are thinking of renovating but may not feel that you currently want to pay for a brand new facility, can get a refresh of your old one.

With a little color, replacement of any broken boards and new artificial grass, your facility will be fresh again.

Service

A well-maintained Adventure Golf facility is attractive and generates long-term profits.
Book our service to give your facility a facelift for the coming season.

Our services stretch beyond delivering top-class Adventure Golf installations. All products need love and care – and City Golf Europe AB's golf facilities are no exception.

We offer various after sales services that will make your facility look and feel like new.

We will overhaul your hole cups, game instructions, flags and flag poles, machine brush your artificial grass, replenish your top dressing sand and more. If you require more extensive repairs or projects, we may need to get back to you at a later date.

To keep costs down, the customer provides accommodation, showers and cooking facilities for our staff and buys the local materials.

The customer is also required to provide and pay for any hire machinery and arrange for removal of scrap materials. The customer is responsible for supervising the daily work and approving time reports.

Trosa Parkgolf

"We order annual service on our adventure golf course because we want the courses to last a long time and for it to be tip top before the season premiere."
says Monica Olsson, owner of Trosa Parkgolf.

"Booking the service team from City Golf feels good. They have built the courses and have the knowledge to carry out the service in the best way, and can also repair if something needs to be fixed."

Return Of Investment

The road to success

We offer a high-quality adventure golf course that can give you great conditions for a very successful business. What we have learnt from our long experience in the industry is that profitability also comes with a combination of different elements in your offer to the end customer.

Factors that can make the extra difference are the location, pricing, marketing and offering added value such as the opportunity to buy food, drinks and good ice cream!
